## WHAT ARE CRIME VICTIMS' SUPPORT OFFICES

Crime Victims' Support Offices are a free public service created by Law 35/1995, of 11 December, on aid and assistance to victims of violent crimes and crimes against sexual freedom and subsequently regulated by Law 4/2015, of 27 April, of the Statute of the Crime Victim and, in particular, by Royal Decree 1109/2015, of 11 December, implementing Law 4/2015, of 27 April on the Statute of the Crime Victim and regulating the Crime Victims' Support Offices.

The Offices dependent on the Ministry of Justice are located in those autonomous communities and autonomous cities with powers not transferred within the scope of the Justice Administration: Castilla-La Mancha, Castilla y León, Extremadura, Islas Baleares, Murcia, Ceuta and Melilla.

Crime Victims' Support Offices are staffed by civil servants of the Justice Administration (procedural and administrative managers) and psychology professionals.

## WHO CAN BE SUPPORTED BY THESE OFFICES

Crime Victims' Support Offices provide support and assistance to victims, whether direct or indirect, of all types of crime, including gender violence, domestic violence, violent crimes resulting in death, serious injury or damage to physical or mental health, crimes against sexual freedom, robbery with violence, etc.

In any case, the support and assistance in these Offices will never be conditioned on the previous filing of a complaint.

## WHAT DO CRIME VICTIMS' SUPPORT OFFICES OFFER

- Information to victims, direct or indirect, about their rights to avoid a lack of protection after the crime.
- Information for victims on the procedure for filing a criminal complaint, where to file it, guidance on its content and form, as well as its processing in court.
- Information on the state of the proceedings affecting the victims.
- Accompaniment of victims who request it to the judicial proceedings.

- Information on the economic aid that may correspond to them as a consequence of the crime, as well as support in its processing by the General Directorate of Personnel Costs and Public Pensions.
- Provision of psychological assistance to people who have been victims of a crime or who, due to their circumstances, find themselves in a situation that can be considered a potential risk.
- Strengthening of coordination between the institutions involved (Judiciary, Public Prosecutor's Office, State Security forces and bodies, Autonomous Communities, Town Councils, Public or Private Associations, NGOs, etc.), contributing to the creation of the Assistance Coordination Network of all the competent services for support and assistance to victims in their respective demarcation.
- Orientation to the victim on existing social resources and facilitating access to them, through referral if appropriate.

## WHAT IS THE AIM OF CRIME VICTIMS' SUPPORT OFFICES

- The general legal orientation of the victim to avoid secondary victimization, given that the orientation and legal counselling of the specific case is the responsibility of the person who assumes the legal aid.
- Psychological support to victims.
- Referral to the social resources they need.

## HOW DO THE CRIME VICTIMS' SUPPORT OFFICES PERFORM

The model of action of the Offices is implemented through different stages: reception-guidance, information, intervention and follow-up.

The stages involve a general orientation of the victims, specific legal information throughout the criminal proceedings, support in the necessary interventions and follow-up throughout the criminal proceedings, as well as psychological intervention programs for all types of crime victims such as victims of gender violence and domestic violence, among other vulnerable victims.
